

## Thirty-seventh National Convention March 26 and 27

The Thirty-seventh National Convention will be held March 26 and 27, 1965, at Richmond, Virginia. The dates originally announced have been changed, inasmuch as they were inconvenient for the host chapters. The convention hotel will be the Richmond, located in the downtown area of the city. Host chapters for the convention will be the chapters of the state of Virginia: Omega, the College of William and Mary, of which Janet Sheets is Prytanis; Beta Theta, Hampden-Sydney College, whose Prytanis is Gordon Dalton Schreck; Beta Nu Chapter, Mary Washington College, which Prytanis Lynne Bayles directs; and Delta Alpha, Randolph-Macon Woman's College, over which Prytanis Margaret Phillips presides. Advisers of the chapters, in the order above, are Professor George J. Ryan, Professor Graves H. Thompson, Professor Laura V. Sumner, and Professor Robert B. Lloyd.

The business sessions of the conven-

tion, beginning with the first session on Friday morning, will be held in the Richmond. This hotel will also be the location of the annual banquet. It is expected that Mr. Robert Karl Bohm who was the Eta Sigma Phi Scholar at the American Academy in Rome last summer will be the speaker at the banquet. Mr. Bohm, an alumnus of Alpha Rho Chapter of Muhlenberg College, is now a student at Princeton Seminary.

On Friday afternoon, immediately after lunch, the members of the convention will visit Colonial Williamsburg, which is about an hour's drive from Richmond. A Greyhound bus will provide transportation for those who desire to go in this way at a minimum cost of about \$1.00. The guided tour of the reconstructed city will be \$1.50. Williamsburg was first occupied in 1633 and after a fire leveled Jamestown in 1698 the capital was moved the following year to this site, which was now renamed Williams-

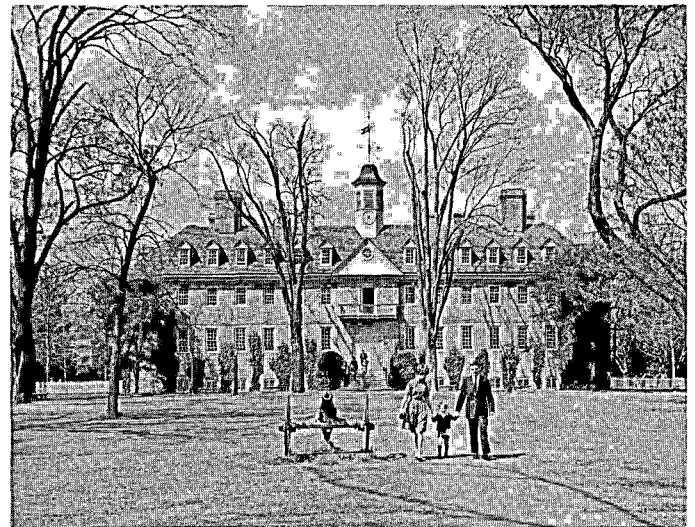

burg, in honor of William III of England. Prior to this, in 1693, the College of William and Mary was founded at this location and between 1695 and 1698 the Wren Building was built at the center of the College yard from a design of Sir Christopher Wren. It is said to be the oldest academic building in English America. Williamsburg played a part in the lives of Washington, Jefferson, George Mason, Patrick Henry, George Wythe, Peyton Randolph, and many other leaders of our country. Williamsburg was restored and reconstructed through the efforts of the Reverend W. A. R. Goodwin, the late Rector of Bruton Parish, and John D. Rockefeller, Jr. A visit to Williamsburg is an opportunity to relive, in imagination at least, some of the early years of our country's history.

Richmond itself is a historic city. It was first visited in 1607, according to historical records, and a trading post was founded here in 1637. In 1780 it replaced Williamsburg as the capital

of the state and in 1861 it became the capital of the Confederacy. Across from the Hotel Richmond stands the capitol building, designed by Thomas Jefferson under the inspiration of the Maison Carree at Nimes, France, a former Roman temple. The building houses Houdon's statue of George Washington. Nearby is St. Paul's Church, where Jefferson Davis was worshipping when he was told that somebody named Grant was outside the city and it was time to leave. In the city also are St. John's Church, scene of Patrick Henry's "Liberty or Death" speech, and the home of Chief Justice John Marshall. Monument Avenue commemorates many famous men of the past. Richmond is rich in

educational institutions, since it is the location of the University of Richmond, founded in 1830, the Medical College of Virginia, Union Theological Seminary of the Presbyterian Church and Virginia Union University of the Baptist Church.

(Above information taken from the Official Guidebook of Colonial Williamsburg, ENCYCLOPEDIA BRITANNICA and from a letter of Professor Graves H. Thompson.)

Chapters are urged to select delegates at once and make the proper reservations. Reservations for hotel rooms should be made directly with the Hotel Richmond on the cards which have been sent to the Prytanis of each chap-

ter and reservations for the banquet and trip to Williamsburg should be sent to the Executive Secretary. Please send in all reservations as soon as possible, inasmuch as it is necessary to make definite commitments for the bus, tour, and banquet in the very near future.

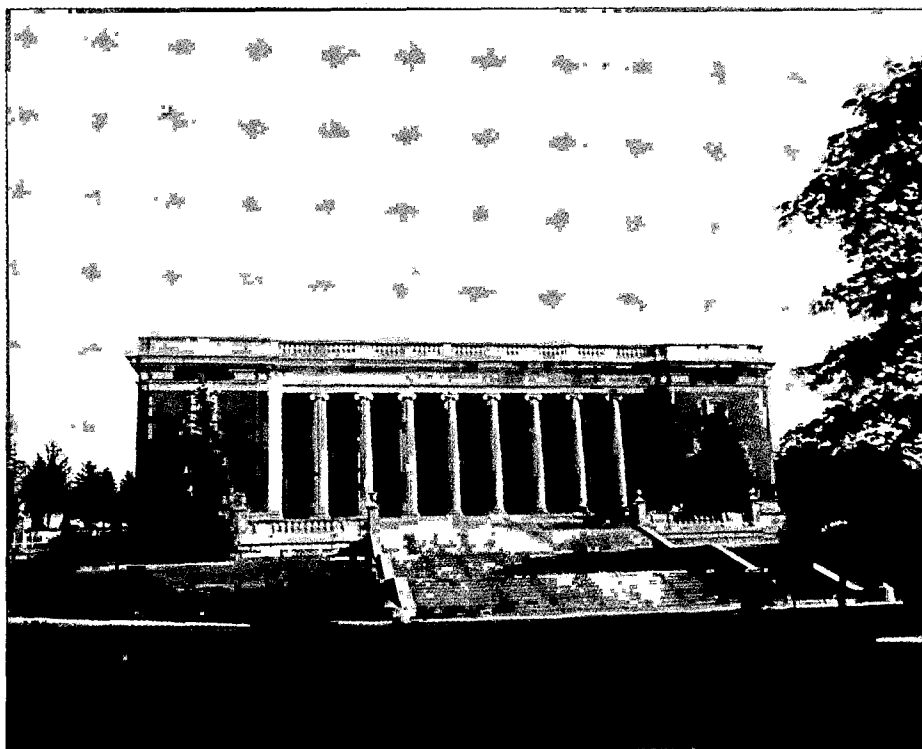

### PETITION

A petition for a charter to found a chapter of Eta Sigma Phi on the campus of Illinois State University at Normal has been received from the Latin Club of that institution. The Latin Club was founded in 1919 and at the present time it has a membership of thirty-four. The program for this year included among other items a trip to the Classical Museum at the University of Illinois and a Roman banquet. Illinois State University at Normal was established in 1857 by the State of Illinois. It is a fully accredited institution of higher education. At the present time the enrollment in the regular session is about 7000 and the summer session has an enrollment of approximately 3000. There are seventy-five students enrolled in the Department of Classics at the present time and the University offers only courses in Latin. The faculty of the Department has three members. The petition is signed by thirty-four students and approved by the Head of the Department of Foreign Languages, Chairman of the Latin Section of the Department of Foreign Languages, and the Dean of the Undergraduate School.

### IMPORTANT NOTICE

Orders for membership certificates which are desired before the end of the present academic year should reach the National Office by April 24. Because of the heavy load of work at the end of the school year Balfour is unable to give the usual service. Orders which reach the National Office after April 24 will be mailed during the summer or at the beginning of the new academic year. All initiates not yet reported to the National Office should be reported at once.

*Delta Lambda Chapter* of Eta Sigma Phi was installed at the College of the Holy Cross, Worcester, Massachusetts, on May 17, 1964. Ten charter members were initiated into the Fraternity at this time. The installation ceremony was conducted by Professor Thomas H. Corcoran of Tufts University, who was formerly Adviser of Tau Chapter. A large audience was present for the ceremony, since the installation of our new chapter was the highpoint of the Eighth Annual Examination of the Hellenic Seminar.

Delta Lambda Chapter was organized by the Reverend Joseph M.-F. Marique, S. J., and Dr. Gerard B. Lavery of the Department of Classics. Mr. Robert H. Meyer, Prytanis of the new chapter, was President of the club Ereuna, from which the chapter was formed. This club, organized in 1964,

had as its program a series of lectures on the campus of the College and excursions to other campuses to meet eminent scholars.

The College of the Holy Cross is a liberal arts college, founded in 1843. Greek and Latin have been emphasized at the College since its founding. The study of the Classics in the original languages was required of all students for some length of time and until quite recently Latin was a requirement for the A. B. degree. Presently, however, students who are more interested in other disciplines are freed from the obligation to study Latin. Although this has reduced the number of students who study Classics, those who are still in the program are involved to a much greater extent than former students. There is a wide range of courses offered in the Department of

### OUR NEW CHAPTERS

Classics to interest the student who desires a broad education and the library of 200,000 volumes offers wide opportunities. For a number of years the College emphasized the curricula for pre-medical and pre-law studies, but in more recent years the curriculum of the school has been revised to include other fields and to allow greater freedom of electives.

The College of the Holy Cross has an enrollment of about two thousand students. At the time of the installation of our new chapter there the Department of Classics had a faculty of fourteen with a student enrollment of over six hundred. The greatest number of these was enrolled in courses in Latin, but over two hundred were in Greek and a smaller number in courses in Classics in translation.

Officers of Delta Lambda Chapter for this year are Prytanis Robert H. Meyer, Hyparchos Harold B. Schramm, Grammateus Francis I. Morrissey, and Chrysophylax P. Darwin Miscall. Dr. Gerard B. Lavery of the Department of Classics is the Adviser of the chapter. The officers have planned an extensive program of lectures for the rest of this year with the cooperation of the Cross and Scroll Society, of which Hyparchos Harold Schramm is Chairman. The chapter also has an ambition to improve the quality of secondary instruction in Latin in its area.

(Portions of the above material concerning the College and its curriculum were furnished by Mr. Robert H. Meyer.)

## From Your Editor . . .

*The following, mutatis mutandis, is repeated from the March 1958 and March 1960 NUNTIUS:*

The month of March brings many duties for Eta Sigma Phi chapters. We are listing some of these here to help you remember:

1. Elect delegates to the National Convention to be held March 26 and 27 and make reservations for these.

2. Report all initiates to the National Office in order to keep your chapter on the Roll of Active Chapters.

3. Prepare the report of your chapter for the National Convention.

4. If your chapter is unable to be represented at the convention, send your report, with a letter of regret that you cannot attend, to the *Megas Grammateus, Miss Barbara Payton-Wright, Birmingham-Southern College, Birmingham, Alabama 35204. This is required by a resolution passed by the 1953 National Convention.*

5. Perhaps you might want to invite the Thirty-eighth National Convention to meet with your chapter. Such invitations should be addressed to Miss Wright also. If you have invited the convention previously and your invitation could not be accepted, try again.

### 6. Send news items for NUNTIUS.

7. Make arrangements with the local high schools to award the Eta Sigma Phi medals and order the ones needed from the Executive Secretary (see advertisement elsewhere).

8. If you have suggestions for improving NUNTIUS or the Fraternity, or constructive criticisms, send these to the National Office.

9. Attend your local meetings and enjoy the fellowship of your members.

There are many others which you might think of, such as becoming a teacher of Latin and/or Greek, showing your professors that you appreciate them by being excellent students, but like Cicero, *ea praetermitto.*

## AMONG THE CHAPTERS

### EPSILON

**State University of Iowa**

Epsilon Chapter initiated nine new members on November 8 at a cere-

mony held at the home of Professor Oscar E. Nybakken, who is Chairman of our Board of Trustees. Professor Lillian B. Lawler, Adviser of the chapter, reports that there has been some difficulty in organizing the chapter this year but that officers have now been elected. We wish the chapter success during the rest of the year.

### PI

**Birmingham-Southern College**

Prytanis James R. Pace presided at the initiation of seven new members into Pi Chapter on February 4. Following the initiation the new members were guests of the chapter at an informal tea. The chapter is planning another meeting before the end of the present quarter.

### ALPHA CHI

**Tulane University**

Professor Graydon W. Regenos, Adviser of Alpha Chi Chapter, advises the National Office that new members have been elected at a recent business meeting and initiation will be held soon. The annual banquet will be held after the initiation.

### BETA IOTA

**Wake Forest College**

Nineteen new members were initiated into Beta Iota Chapter last spring, which brings the total membership to forty-six. Professor C. B. Earp, Adviser of the chapter, spoke to the members on "Seneca, Petronius and Uncle Remus" at the banquet which was part of the initiation ceremonies. Dr. Whitney Oates of Princeton University was a guest of the chapter last year and addressed the public.

### BETA OMICRON

**Mount Mary College**

At the February meeting of Beta Omicron Chapter a former exchange student of the College, whose home is Rhodes and who is again in this country for study, gave an illustrated lecture on Rhodes and Kos. Hyparchos Kathleen Cahill is president of the senior class at Mount Mary this year and has been interviewed for both Woodrow Wilson and Danforth Foundation scholarships. Marianne Jansen, our Eta Sigma Phi Scholar at Rome in 1961, has been teaching at her alma mater during the recent illness of Sister Mary Isaac Jogues. It is a pleasure to report that Sister Mary Isaac has recovered and has returned

to her duties and to assist Sister Mary Dorothea in advising the chapter.

### GAMMA TAU

**Mississippi College**

The members of Gamma Tau Chapter recently presented a reading of *THE TROJAN WOMEN* of Euripides. The members of the chapter and Professor Thomas T. Boswell, Adviser of Gamma Tau Chapter, have received very fine praise for the excellent performance which they gave and have been told that this was the best thing ever done on the campus. Professor Boswell says that the majority of students who attended were amazed that they could enjoy Greek tragedy. The chapter has been asked to give a performance of another tragedy this spring but they plan to wait until the fall term for their second performance.

### DELTA GAMMA

**Marywood College**

Nancy Klosky, Hyparchos of Delta Gamma Chapter, has informed the National Office that the chapter is planning to hold its annual Latin Contest on February 21. This year it will be an oral spelling-bee type Vergil contest, covering the first six books of the *AENEID*. Twenty schools were planning to participate with two contestants from each school. Rafferty Memorial Trophies will be presented to the schools of the first and second place winners and Eta Sigma Phi Medals will be presented to the winning contestants. The picture below, which also appeared in a local newspaper, shows the recent initiates of Delta Gamma Chapter: Victoria McDonald, Suzanne Klassner, Anne Dillon, and Sister Mary Jude.

### DELTA ZETA

**Colgate University**

Dr. John E. Rexine, Adviser of Delta Zeta Chapter, reports that the chapter

cooperated with the local Phi Beta Kappa chapter in the Phi Beta Kappa Visiting Scholar Program which brought Professor William Arrowsmith of the University of Texas to the Colgate campus in November. Professor Arrowsmith spoke on four public occasions on "Turbulence in the Humanities," "Classics and Contemporaries," "An Analysis and Interpretation of Euripides' ALCESTIS," and "Life and Death in Petronius." In December the chapter cooperated with the Colgate Movie Association in bringing to the campus the film version of AN-TIGONE with Irene Pappas as the star.

**DELTA IOTA**

**College of Saint Teresa**

Members of Delta Iota Chapter assisted the other students of Latin and Greek on the campus of the College of Saint Teresa in celebrating the annual promotion week for Classical Languages from January 17 to 23. A dinner was held on January 19 at which Sister M. Carla of Cotter High School who was a Fulbright Scholar to the American Academy last summer (and a fellow-student of your Editor) gave an illustrated lecture. There was

also a public display of materials illustrative of the Classics which included two Latin manuscripts of the 14th century which Sister M. Jordan who recently joined the faculty of the College brought back when she returned after two years of study in Rome. Sister M. Bede Donelan, Adviser of Delta Iota Chapter, plans an exciting tour of Egypt, the Holy Land, Greece, and Rome during the coming summer. Delta Iota Chapter plans to initiate new members on March 4.

**DELTA LAMBDA**

**College of the Holy Cross**

Dr. Gerard B. Lavery, Adviser of Delta Lambda Chapter, and the officers of the chapter recently planned some interesting activities for their chapter at a recent meeting. They plan to cooperate with The Cross and Scroll, a campus organization which sponsors lectures by visiting authorities in the various disciplines, concerts, and similar cultural events. Hyparchos Harold Schramm is Chairman of the Cross and Scroll Society. Some of the lecturers, in addition to giving formal lectures, spend a day or two on the campus and participate in informal discussions and visit classes in the area

of their interest. At least two such lecturers have been invited for the present year. The chapter also hopes to improve the quality of secondary instruction in Latin in the Worcester area by offering their assistance to the teachers in the public and parochial schools and by holding informal conferences with some of the interested teachers of Latin. Members of the chapter are participating in the Eta Sigma Phi contests and expect to be represented at our forthcoming annual convention.

**ETA SIGMA PHI MEDALS**

All chapters are encouraged to award Eta Sigma Phi medals in local high schools. Three medals are available from the Executive Secretary:

- No. 1—Fourth Year Latin Award (silver, 1 1/2") \$3.75
  - No. 2—Alternate Fourth Year Latin Award (silver, 3/4") \$1.25
  - No. 3—Second Year Latin Award (bronze, 3/4") \$1.25.
